Re: Procurement Agent Services
Ref: LMDA/CD/C/04/2022

The Government of the Kingdom of Lesotho (“Government”) has applied for grant funding from the Millennium Challenge Corporation (“MCC”), called a Compact (the “Compact”), and intends to apply a part of the proceeds of that funding to payments for contracts for goods, works and services. The Government has formed a Compact Development Team (CDT) led by the CEO, Lesotho Millennium Development Agency (“LMDA”), for the purpose of developing the Compact. To support these activities, MCC and the Government also entered into a grant agreement, dated February 20, 2019 (as amended or otherwise modified, the “Agreement”), whereby MCC granted to the Government an amount not to exceed nine million, seven hundred forty thousand U.S. Dollars (US\$9,740,000) under the authority of Section 609(g) of the Millennium Challenge Act of 2003, as amended (the “Act”), to facilitate the development and implementation of a proposed Compact between the United States of America, acting through MCC, and the Government to help accelerate economic growth and poverty reduction in Lesotho. Subject to the terms and conditions of the Compact, the Agreement, related agreements, and the availability of funds, the Government intends to use a portion of the funds to finance professional procurement agent services from a legally constituted firm (“Procurement Agent” or “Consultant”) to assist the Government with the implementation of the Compact program in a transparent and sound manner. The Procurement Agent will provide such support in accordance with the terms and conditions set forth in an agreement (the “Procurement Agent Agreement”), a form of which is attached to this Request for Proposals (“RFP”) in Section VI.

In issuing this RFP, the Government is represented by the Lesotho Millennium Development Agency (“LMDA”), a parastatal established in accordance with the laws of Lesotho. LMDA will continue to represent the Government in matters related to the Compact and the Agreement until such time as the Government establishes the Millennium Challenge Account-Lesotho II (“MCA-Lesotho II”) to serve as the accountable entity for implementing the Compact. Prior to the establishment of MCA-Lesotho II, (i) any references to actions taken or rights received on behalf of MCA-Lesotho II in this RFP, including in the Form of Contract, shall mean actions taken or received by LMDA and (ii) any references herein to MCA-Lesotho II shall be deemed to mean

LMDA during this period.

MCC is a U.S. government agency focused on assisting countries dedicated to good governance, economic freedom, and investments in people. The Compact includes investment from MCC of approximately US \$300 million and a corresponding contribution of approximately \$22.273 million from the Government. The Procurement Agent will be required to manage all the funding contributed by MCC and approximately \$22.273 million of the Government of Lesotho's contribution. For details, please refer to Annex II of the Compact and Annex III of the Program Implementation Agreement to be entered between MCC and the Government of Lesotho. MCC website links to these documents will be provided after Compact signing.

The Compact consists of four proposed projects:

- The **Health Systems Strengthening Project** will focus on strengthening key elements of the PHC system in Lesotho, such as increasing the capacity of Lesotho's Ministry of Health (MOH) and ten health districts, fortifying the patient registration and referral systems, improving staff clinical competencies and supervision, integrating budgeting and financial reporting systems, and increasing coordination across all levels of health care staff.
- The **Market Driven Irrigated Horticulture Project** will focus on making a catalytic investment in irrigation in partnership with commercial investment, providing local capacity building and technical assistance, and supporting reforms in land, water and gender with the expectation that these interventions will spur sustainable and inclusive private sector growth and investment in the horticulture sector.
- The **Business Environment and Technical Assistance Project** will focus on inclusive, sustainable private sector growth in Lesotho to be stimulated by creating a robust pipeline of businesses and facilitating a public-private dialogue in which these private sector actors can engage with the Government and the Government can respond.
- The **American Catalyst Facility for Development Project** will focus on activities within the Compact Term and align with the objectives and activities of the Program. Success will be measured by (a) ACFD Project funding expended; (b) DFC funding leveraged and (c) additional private sector funding leveraged (e.g., Lesotho Pension Fund, commercial banks, impact investors).

LMDA requires the services of the Procurement Agent ("PA") for a base period of at least twelve (12) months at a fixed price. Thereafter, the MCA-Entity will require five (5) 12-month option periods with the final 5th Option period being 12 months plus 120 calendar days for Compact Closure at a fixed price.

This Request for Proposal, the RFP, follows the General Procurement Notice that appeared in dgMarket on February 24, 2022, and UNDB Online on February 27, 2022.

LMDA now invites proposals from legally constituted consulting firms and other organizations to provide the Procurement Agent services ("Proposals"). More details on these services are provided in the Terms of Reference in Section V of this RFP.

This RFP is open to all eligible entities ("Consultants") who wish to respond. Subject to restrictions

noted in the RFP, consultants may associate with other consultants to enhance their capacity to successfully carry out the assignment.

A Consultant will be selected under the **Quality and Cost-Based Selection (“QCBS”)** method, the evaluation procedure of which is described in Section III of the RFP in accordance with the “MCC Program Procurement Guidelines” provided on the MCC website (www.mcc.gov/ppg). The selection process, as described, will include a review and verification of qualifications and past performance, including a reference check, prior to the contract award.

The RFP includes the following Sections:

PART 1 – PROPOSAL AND SELECTION PROCEDURES

Section I Instructions to Consultants (“ITC”)

This section provides information to help Consultants prepare their Proposals; it also provides information on the submission, opening, and evaluation of Proposals and on the award of the proposed contract.
